

for president. In '76 it nominated one

weighing 112 pounds; in '80 one weigh-

ing 250 pounds, and in '84 one weighing

250 pounds. The democrats are entitled

to additional praise for the progress they

have made in their platform. Four years

ago they were weak enough to declare

for a "tariff revenue only," now they are

strong enough to declare for a tariff for

revenue exclusively." Of course, if the

country stops to think for thirty-six

hours about the difference between the

two declarations, as the democratic com-

mittee on resolutions did, it will see that

the party is making gigantic strides to-

ward reform.

THE POPULARITY OF SUICIDE.

Last year there were more suicides in

the United States than murders, the

number of the former being nearly 1,400.

It has been shown heretofore in the col-

umns of the Gazette, that suicide in this

country is increasing in greater propor-

tion than the population. The factor

won't live, the greater the cares of busi-

ness, the more daring the attempts at

speculation, the more will disappoint-

ment and failure multiply, and the

greater is the number of cases of self-de-

struction.

The official report of suicides in the

United States during March, April and

May of the present year, places the num-

ber at 423, of which 199 occurred in

March, 125 in April, and 129 in May.

The causes assigned for the act, were as

follows: Thirty-two were assigned to

business trouble, 13 to despair at pa-

rental discipline, 25 to constipation, 32 to

disappointment, 34 to family trouble, 12 to

grief, 83 to insanity, 21 to love trouble,

51 to sickness and 10 to punishment

undergone or threatened.

The social condition of the persons

committing themselves is recorded as follows:

There were 29 girls; 123 bachelors;

108 husbands; only 39 wives;

9 widows; 17 widowers; 6 divorced

men; and 4 divorced women.

The methods adopted were various. One

hundred and sixty-five shot themselves;

55 died by poisoning; 70 by hanging; 27

by cutting their throats; and 15 by drown-

ing.

It has been said that the Germans out-

number any other nationality in com-

mitting suicides; but the record for the

three months here given, shows that the

Americans led with 221, the Germans

with 91, and the slow-moving and con-

servative English with only 19 out of the

423. Men are more apt to commit sui-

cide than women, for the well-known

reasons that the latter have less business

troubles, disappate less, and commit

fewer crimes than men, so that the anal

proportion of three or four suicides

among men to only one among women

was reported during the second quarter

of 1884.

HOW CLEVELAND WAS NOMI-

NATED.

"Cleveland and reform" is a good dea

like crying "oliver dispatches and the

Oregon bargain and reform." There is

as much consistency in one as in the

other. There is no more promises of re-

form in Stephen G. Cleveland than there

is in Carter Harrison. Why? Look at

the methods employed to nominate

Cleveland, and one will find an an-

swer to the question. The great demo-

cratic city rings which opposed Thur-

man and Bayard—democratic statesmen

of ripe experience and conspicuous abil-

ity—threw their entire support toward

Cleveland. Why did they do this? Be-

cause the experience of the past winter

at Albany showed conclusively that

Political Gossip at Albany

and Elsewhere.

LOUISVILLE, July 17.—A mass-meeting

of 5,000 people assembled at Court place Wednes-

day evening, to ratify the nomination

of Cleveland and Hendricks. There was great

enthusiasm and good humor. Hon. Henry

Waterson was the first speaker, and after

giving an account of his stewardship at Chi-

cago, discussed the tariff plank of the plat-

form and explained how the victory last

even was secured for the purpose "A

tariff for public purposes exclusively."

He said that the course pursued by the re-

presentative protectionists on the committee,

led by Mr. Butler of New York, and now the se-

nior wets in committee, for the purpose of

deceit, was a disgrace. Besides, Polger,

no doubt, wants Blaine to see what a lot of

the department is already equal to the

largest amount ever raised by other means.

Irish Republican League.

NEW YORK, July 17.—The executive com-

mittee of the Irish Republican League met

last night at the Republican national head-

quarters. The meeting was held with closed

doors. A plan of campaign was discussed,

and an address drafted, to be issued to Irish-

men throughout the country, urging them to

oppose the election of Cleveland and to sup-

port the election of Hendricks.

MARSEILLE, July 17.—Although the num-

was considerably less than for the six prece-

the shops and business houses are closed

except for the necessities of life. Since the first

appearance of the plague here it is estimated that

no less than 55,000 have fled from their

homes. The streets are still

Briefs.

—The militia mark time this evening. No criminal business in the municipal court to-day.

—This is splendid harvest weather for anything but newspaper items.

—Jamesville Chapter No. 3, Royal Arch Masons occupy Masonic hall this evening.

—The rye and barley harvest is under way in Rock county, and promises an abundant yield.

—Donation in the market with fine ripe California pears, and other choice fruits—foreign and domestic.

—A crowd of midnight hoodlums aroused the quiet people from their slumbers last night on South Main street.

—A number of Janesville people have gone to Madison to attend the national teachers meeting now in session at the Capitol.

—The work on the fourth ward fire cistern is progressing rapidly, and will be completed in a few days—provided good weather continues.

—The First M. E. church raspberry and cream social at the residence of Mrs. E. Tuttle, on West Bluff street last evening, was largely attended, and a very pleasant and social evening was passed.

—The Sells Brothers' circus bill-posting brigade have been around the second time posting additional bills. The Sells hang up the most attractive paper of any show on the road.

—There was a runaway up East Milwaukee street at 8:30 this afternoon. The last seen of the runaway team they were running for Rook Prairie, all right—at a very slow rate of speed for frightened horses.

—The Robecques are having a pleasant time picnicking at Popo's Springs to-day. They will remain at the springs until midnight. The boat will leave for the picnic grounds at 7 and 9 o'clock this evening.

—Wm. Kennedy, Esq., of Appleton, formerly a citizen of this city, and Hon. Burr W. Jones, of Madison, member of congress from the third district, will address the Cleveland and Hendricks clubs in this city on Saturday evening.

—The tight rope walker drew a large crowd of people to Main and East Milwaukee streets yesterday afternoon and evening. The performance was hardly worth the time, saying nothing concerning the nickles dropped into the lot.

—The remains of the late Michael Levey arrived in the city at one o'clock this afternoon. The funeral will take place to-morrow morning, leaving the house for St. Patrick's church at nine o'clock, Rev. Father Roche will conduct the services.

—We hear more concerning the depredations of mad dogs in the surrounding country, but no steps are taken to rid our community of the worthless curs running at large in our streets, or even to enforce the dog law. "Let the laws be rigidly enforced."

—Our city church sextons, in passing the contribution box, must now be very careful. A Mr. Lahean, sexton of a Toronto church, has been found guilty of passing the pew of Mr. Turcotte and neglecting to present the contribution box, the neglect being a willful intent to insult Mr. Turcotte, who sued for \$100 damages. The court awarded him \$5 and costs.

—Mrs. John W. Peters interested herself in behalf of Mrs. John McDonald yesterday, by soliciting aid from those who felt disposed to express their sympathy for her in that manner, and succeeded in a very short time in raising the handsome sum of fifty-five dollars, which Mrs. Peters handed over to Mrs. McDonald last evening. Little George, who was so severely burned on Sunday, is slowly recovering, and in good cheer. Mrs. Peters is entitled to many thanks for her exertions in raising the above donation, as it was the right kind of sympathy to offer.

—A little sensation and scare occurred within the pavilion yesterday afternoon, when the passengers of the Chicago and Northwestern railway the other day. As the Grand Hotel bus was leaving the depot, passing through the open area south of the depot building, the earth suddenly gave way beneath the bus, creating quite a little scare, the driver not knowing whether an earthquake or a dynamite explosion had taken place. A crowd collected, and in a few minutes one of the auto-railroad settlers arrived and explained. He informed the excited crowd that at the time the railroad was surveyed through the city, Dr. Burrows resided on that block, and had a well; that when it was decided to locate the depot at that point the doctor sold out the well, for such it was—was covered up with plank, and the ground graded for the accommodation of the railway company. The plank, being rotten, gave way at the time the wheel of the bus happened to be over the well, thus helping matters along. The explanation was found all right and correct, the hole in the ground filled up, and the scare was over.

The Weather.
At seven o'clock this morning the thermometer registered 63 degrees above zero. Fairly cloudy with southeast wind. At one o'clock p. m. the register was 84 degrees above zero. Partly cloudy with south wind. For the corresponding hours one year ago the register was 60 and 64 degrees above zero.

Attention Democrats.
There will be a meeting of the Cleveland and Hendricks campaign club at the club rooms this (Thursday) evening to make arrangements for a torch-light procession and ratification meeting Saturday evening, and for the reception of the speakers, William Kennelly, Esq., of Appleton, and Hon. Burr W. Jones, of Madison. A full attendance is very desirable.

Alex. Richardson, President.

A nation of housekeepers tell us that Dr. Price's Cream Baking Powder is the sweetest, purest, most efficient and most wholesome on the American market. Personal.

—Rev. Father McGinnity is in Milwaukee.

—Captain J. B. Doe is confined to his home by illness.

—Mr. Lou Bump and his sister, Miss Minnie Bump, are visiting in Rockford for a few days.

—Miss Lizzie Payne, of Monroe, is in the city, the guest of Mrs. C. H. Payne, South Main street.

—Hon. James P. Root, of Chicago, is in the city, the guest of Judge L. F. Patton, of the third ward.

—Mr. W. S. Webber, superintendent of the Appleton boat and shoe company, was in the city to-day.

—Miss Minnie Ely, who has been visiting friends in this city for the past two weeks, returned to her home at Monroe to-day.

—Prof. R. W. Burton, of this city, has been elected president of the Wisconsin teachers' association, recently in session in Madison.

—Mr. F. Quinn and wife, and Miss Kate S. Nelson started this afternoon for Chicago and Cleveland, on a two weeks pleasure trip.

—Mrs. A. A. Ver Bryck and children, of Oshkosh, and Mr. Whitney Judd, of Chicago, are visiting the family of Mr. E. S. Hayward, on Lynn street, fifth ward.

—Mrs. Elizabeth Porter, of Ohio, is in the city visiting friends. Mrs. Porter is a daughter of Mr. I. M. Norton, of Chicago, formerly a resident of Janesville.

—Miss Emma Cronse, daughter of Mr. and Mrs. George Cronse, of Cornelia street, second ward, who has been visiting her parents for a few weeks, has returned to Elgin.

—Mr. Arthur Galbraith is expected home from Chicago this evening. It is whispered among his intimate friends that he will be accompanied by a life partner. Particulars later.

—Colonel W. B. Britton, who was injured while stepping from a train of cars of Madison some four weeks ago, is still suffering considerable pain in his right leg, which was badly bruised at that time.

—Superintendent S. O. Cobb, of the Janesville Machine Company, who has been prospecting among the iron foundries of the Mohoray valley, returned home on Tuesday evening, and is now planning to attend the national encampment of the G. A. R. next week, at Minneapolis.

Sells Bros. 50-Cent Menagerie and Great Fencing Circus.

The best evidence that can be given our readers to show that our movement of the going citizens are keeping pace with the times, and moving with metropolitan strides, is the fact that Janesville has been selected as a stand for the greatest and grandest show in Christendom, Paganism, or a heathen land—anywhere in the world, in fact or in fiction, on July 23rd. The show referred to is the one whose title heads these lines, and one whose reputation is so firmly established as to be known in every land under the sun as just what we say it is, the very best.

The Sells show in point of magnitude and equipment, cannot be so described in these columns as to leave a right impression of its immensity and its excellence.

We call the following extract to show what the Burlington Hawkeye of May 25th thinks of it:

"THE PERFORMANCE.—Sells Brothers stand high in the estimation of the amusement public and bear the enviable reputation of being the most complete and exhibiting every variety of circus, and a variety of emulations by all circus managers, some of whom do not deign to defend the public by the grossest impositions. During the past few years the Sells Brothers have enlarged their show to magnificent proportions, introducing every point of excellence that a long managerial experience could suggest, until it has come to be recognized by a discriminating public as a standard exhibition meeting a generous patronage.

"Several thousand people assembled within the pavilion yesterday afternoon, when the expressions of the complimentary nature of the initial feature was the 'grand entrance' followed by a comic song, and chorus, by Ed. Neary. Professor White's performing dogs astonished the audience by their exhibition, and their seeming understanding of the commands of their master. The Roman and Leslie brothers in their brother act, gained the applause of the assemblage. The head-balancing feat of the latter requires special mention, as it is not often witnessed here previously. Frank Gardner, the noted rider, gave a daring exhibition of his proficiency as an equestrian, and was followed by the Purvis sisters in a slack wire and globe act that gave evidence of dexterity and ability. Donaldson brothers, the cornetists, gave pronounced satisfaction. Miss Adelaide Cordona, an artistic equestrienne of national reputation, gave a thrilling exhibition of bareback riding, and also with James Snow performed a four-horse act that was excellent. As the Sells show is a handsome, vivacious lady with a pleasing face, who is an aerial artist of pronounced excellence, won applause in her trapeze performance. None the less meritorious was the bicycle riding of the Sells family and the horizontal bar of the Cordona. James Robinson, who is considered the champion bareback rider and stands at the head of his profession and has been seen so frequently in Burlington, was greeted with enthusiasm. Among other features was the introduction of two educated donkeys and tumbling by the company, which includes Miss Pauline Lee, William Gorman and Don Jeronimo Bell. Space forbids further particularization, suffice it to say the performance was of a high and exclusive throughout. The costumes and trappings are new and costly, the exhibition moves with celerity, contains nothing inimical to refinement, and maintains the vaudeville interest of the spectators. Several years ago the Sells Bros. were commended by the press as one of unequal merit, and it is gratifying to note now that the highest standard of excellence has been reached."

Mr. S. G. Tracy has been suffering since last September, up one day and down the next, and for three weeks previous to taking his Atholophores he was unable to feed himself, and had to be moved in his bed with help and it pained him to be turned; but after he took the Atholophores, one hour and a half after taking the first dose of Atholophores, he was free from pain, and in two days he was able to be about the house, and soon after he was able to eat, and as well as that, he had taken several other rheumatic medicines, and was under a physician's care, but without avail. Otto L. Hoffmann, druggist, Columbus, O., takes the baby to Glass and have its picture taken. Price of cabinet only five dollars per dozen.

William J. Connelley of Somerville, Mass., says: "In the fall of 1876 I was taken with Bleeding of Lungs followed by a severe cough. I lost my appetite, and my health failed. I was in bed in 1877 I was admitted to the Hospital. The doctors said I had a hole in my lung as big as a half dollar. At one time I went out around that I was dead. I gave up hope, but a friend told me of Dr. Williams' Pink Pills for Pale People. I got a bottle, and to my surprise, I commenced to get well, and to-day I feel better than for three years."

"Benson's Ointment For Rheumatism" is a remedy for rheumatism. —Congressman Gunther, of Wisconsin, 25c.

A Prayer.

Goes up from the lips of Rev. C. D. Diggs, of Trenton, N. Y., whose wife was cured of Rheumatism of three years' standing, by the use of Dr. Williams' Pink Pills. "My wife was cured of Rheumatism of three years' standing by the use of Dr. Williams' Pink Pills. She was not able to go anywhere for three years. Now she goes everywhere, and is as sound as a dollar. Oh, that your remedy could be so good for the human race. I feel that the Lord help you to get it abroad in this part of the world."

A Delicate and Wholesome Arouser.

Agreeably unlike the rank perfume of an ordinary essence, is perceptible to those who inhale the odor of SOZODON, a chemically pure botanical extract of the root of the ginseng plant, which grows in those refined circles where personal comeliness and the graces which elevate the tone of society are held in deserved esteem. Besides arresting the decay of neglected or abused system, it causes them to become thin and delicate, it purifies the breath and renders easier in the mouth.

—It is nice to be surprised when you ain't at home. The boys placed the cannon in front of Alonzo's house on the night of the Fourth, and the next day they learned that Alonzo and family were in Janesville.

—Rev. J. Varty has gone to Evanston, Ill., to see a sister and get rest.

—Rev. C. B. Golding, of Janesville, will preach in the Methodist church next Sabbath.

—Sunday school concert in the Congregational church next Sunday evening.

—Miss Clara Clarke, of Beloit, has been making her friends glad to see her. Miss Clarke has been teaching in the high school at Defiance, Ohio, the past year. We understand she will return there for another year's work.

—A missionary address in the M. E. church last Sabbath evening.

—Henry Hill, of New York city, has been lecturing on temperance. Who next?

—Harvest has commenced in earnest this week. Barley and rye is going to be very heavy.

—Charles Warrick left Tuesday for Frankfort, Kentucky. He may find land plenty good out there, but you won't find any more of the kind we have in this country.

Rheumatism often renders its victim entirely helpless, and in such cases restoration to health and vigor is like bringing the dead to life. Atholophores has proved the efficacy in the most stubborn cases of this disease. Dr. J. D. Smith, of Greenfield, Ind., says: "When Bishop Bowman brought me the medicine from you I was nearly helpless. I had grown worse for six weeks under, as I thought, good treatment, until I could not move without great pain and great trouble, and nearly all the time had to be helped. I commenced the medicine at 9 a. m. Thursday. At 9 p. m. went to sleep, and slept till 1 o'clock. Then I got up and said to my wife, 'Dear me! look here! I am well.'"

"The light of investigation has irradiated many things that have long been shrouded in doubt and darkness. Medical science has shown that rheumatism and neuralgia are due to an impure condition of the blood. Atholophores, a great agent in the purification of the blood, operates upon the blood, muscles and joints, dissolves the acids that cause disease, and by driving them from the system brings relief to the sufferer. Atholophores is a powerful blood purifier, and as it is put together on the principles of a blood purifier, it is a rheumatism of two years standing."

Consumption Cured.

An old physician, retired from practice, having placed in his hands by an East India missionary the formula of a reliable remedy for the cure of Consumption, Bronchitis, Catarrh, Asthma, and all other pulmonary diseases, and a radical cure for Nervous Debility and all other ailments, after having tested it, he writes: "I have cured thousands of cases, and I feel it my duty to make it known to the world, and as it is put together on the principles of a blood purifier, it is a rheumatism of two years standing."
